01 EXECUTIVE SUMMARY & BRAND MANIFESTO

WHO WE ARE

ALIYA CONSTRUCTION PLC was established in 2014 G.C. by Belay Taye with a clear ambition: to play a defining role in Ethiopia's rapidly urbanizing construction industry. Ethiopia's breakneck economic growth and accelerating rate of urbanization have made construction a direct driver of national development, expansion, and modernization — and Aliya Construction PLC positions itself at the center of that transformation.

The company's capital was fully paid at the time of establishment and has continued to grow significantly since. Over the years, Aliya Construction PLC has successfully delivered building construction projects to the required professional standard, building a track record defined by discipline, precision, and integrity.

CORPORATE BACKGROUND

The company holds a Business License from the Addis Ababa Trade, Industry & Urban Development Bureau as a Grade-5 General Contractor and/or Grade-4 Building Contractor. It is further certified with a TIN from the Federal Democratic Republic of Ethiopia Bureau of Revenue and is fully registered for VAT, with certification issued by the same office.

The company is presently led by General Manager Belay Taye, whose legal and professional credentials are documented in full within Section 07 of this profile.

OUR MANIFESTO

“We do what is right, Not what is easy!”

02 CORPORATE VISION, MISSION & CORE OBJECTIVES

Vision

- To be a respectable building contractor, delivering beyond expectation.
- To be a leading member of the local construction industry, defined by excellence and integrity.

Mission

To procure projects at competitive pricing, provide a safe working environment, and deliver quality work within a reasonable time frame.

Objective

Our objective is to give every client an assured experience whenever Aliya Construction PLC is entrusted with executing their project. Clear communication and disciplined follow-through keep client objectives at the center of every planning and execution decision we make.

Project Management & Execution Philosophy

- Create a detailed schedule and resource plan aligned to each client's project objectives.
- Communicate clearly and continuously with all project stakeholders.
- Track project progress and proactively fine-tune deviations.
- Supervise quality of work closely at every stage.
- Complete and commission each project on time.

We take pride in our delivery — our clients are always served by the most experienced and qualified professionals, at every stage of the project.

03 LEGAL STANDING & QUALIFICATION MATRIX

ALIYA CONSTRUCTION PLC is registered and licensed under Ethiopian law to carry out the full spectrum of civil works and building construction — including residential buildings, office building complexes, hospitals, colleges and schools, training centers, factories, warehouses, and multipurpose buildings. The company is registered with the Ethiopian Ministry of Construction and Works and the Addis Ababa City Administration Trade and Industry Development Bureau.

Legal Qualification Matrix

Qualification Criterion	Status / Description
Nationality	Ethiopian
Conflict of Interest	No conflict of interest
Registration in FPPA's Suppliers List	Registered in FPPA's Suppliers List
Debarred by Decision of the FPPA	Not having been debarred by the FPPA

4	1HZ Car	1	9 person	Owned
5	Good Quality HCB Production Machine	1	2,000 pcs/day and above	Owned
6	Lift	1	42 m	Owned
7	Concrete Mixer (Normal)	2	360 lt	Owned
8	Concrete Vibrator	8	EY 20	Owned

No.	Equipment Type	Units	Capacity	Ownership
9	Water Pump	2	5 Hp	Owned
10	Plate Compacter	3	—	Owned
11	Diesel Generator	1	5 KW	Owned
12	Jack Hammer	1	—	Owned
13	Automatic Level	3	—	Owned
14	Scaffolding	—	5,000 m ²	Owned
15	Metal Grinder	2	—	Owned
16	Welding Machine	2	—	Owned

The company additionally maintains fully equipped offices in Addis Ababa, staffed with the necessary office equipment and manpower to support ongoing operations.

05 HUMAN CAPITAL & ORGANIZATIONAL STRUCTURE

A systematic organizational and administrative framework underpins every duty and responsibility carried out by ALIYA CONSTRUCTION PLC. The company maintains a core workforce of more than 34 basic employees, spanning the full range of technical disciplines required for complex building construction.

Core Technical Disciplines

- Civil Engineers
- Construction Managers
- Building Engineers
- Mechanical Engineers
- Surveyors
- Experienced Construction Foremen
- Sanitary & Electrical Foremen
- Skilled Labor Crews across all civil disciplines

Sub-Professional & Specialist Support

Sub-professional support staff undertake supplementary duties across the organization; whenever workload becomes excessive or a specialist discipline is required, additional staff are engaged for the required duration of specific projects.

Professional Staff

The company's full-time and part-time professional staff carry qualifications and extensive experience across structural construction and design, civil construction, water supply, drainage systems and irrigation, and road and bridge construction. CVs of key personnel are maintained on file and available upon request.

06 TRACK RECORD & PROJECT PORTFOLIO

ALIYA CONSTRUCTION PLC's project history spans 19 contracted engagements across residential, mixed-use, institutional, and industrial-maintenance developments — 15 fully completed and 4 currently under construction.
